An enthusiastic crowd of 300 people witnessed the opening game of football at Walker's field yesterday afteron between the first and second teams of the Salt Lake High school. players, but this did not stop them from putting considerable ginger in

As was expected the second team did not score and at no time were they near the goal line of their opponents. However, they played a fighting game and did not at any time quail at the flerce rushes put up by the seniors. F. Smith of the first team as well as Groesbeck and Howell make a strong combination behind the line. Gardanier played his usual strong game and young Davis' strong tackling was one of the features of the contest.

The second team put the ball in play, Christensen kicked off and Groesbeck caught the ball and advanced it to the

SOUTHERN PACIFIC SETTLING CLAIMS FOR DAMAGES.

No one of the fourteen persons injured in the Southern Pacific wreck on Gartney's hill Thursday is fatally hurt. Eight of them left Ogden yesterday, ntinuing their journey east, and the others, with the exception of Mrs. Keefe, who is at the Holy Cross hospital in this city, are being taken care of at the Ogden hospital. These are Mrs. McGammon, who has a broken arm; Mrs. Gross of Tulare, Cal., who suffered a fracture of the collar bone; Mrs. J. C. Allen of Cleveland. Rain and Darkness Stopped Game at St. Louis—Heavy Stick Work By Thillies around the course, The playing of W. B. Smith, Walter Egar, and William Holabiró, jr., attracted the most attention.

In the drawings for the championship trophy the man making the lowest medal score had been paired with the player making the highest. This weeding out plan was followed throughout the lists, thus making more certain the coming together in the semi-finals and finals of the best players.

In the play-off of the tie for the Thorne cup, M. Doran, jr., and H. B. Bend won, W. M. T. Bristoi dropped into the second sixteen. The tie for the second sixteen was won by B. W. Schurmeier and Louis Allis. W. F. Pillsbury dropped in the second sixteen.

Mr. Melloy went to Ogden and yester-day afternoon, his sister-in-law being able to stand the trip, they returned to Salt Lake. Information from the hospital last evening was to the effect that Mrs. Keefe's injuries were not very serious. She was able to walk about the house, and expects to be out in a short time.

A representative of the Southern Pacific interviewed all the injured parties at Ogden yesterday and settled their claims for damages.

Was to Visit Her Son.

Mrs. H. M. Lowell, the woman who was killed in the wreck, left Stockton.

Mrs. H. M. Lowell, the woman who was killed in the wreck, left Stockton, Cal., on the Rock Island excursion and was on her way to Trenton, Mo., to visit her son, Clark Lowell, whom she had not seen for a number of years. Mrs. Lowell was the mother of Mrs. A. B. Hopkins, whose husband is in the printing business at Stockton. The Associated Press has the following dispatch from San Francisco:

"J. A. Fillmore, speaking of the wreck on the Central Pacific today, said that Assistant Engineer Thomas Fitzgerald had reported that the track and the cars were seemingly in good condition. It was also his opinion that the rear truck of the baggage car was the first to leave the track and that probably pulled the other cars over and turned the rail."

H. E. Huntington Does Not Want Presidency of Southern Pacific.

San Francisco, Sept. 28.—The Examin will say tomorrow:

The latest gossip in Southern Pacific circles is that James Speyer, Charles H. Tweed and D. O. Mills, as a special committee of the directorate, have offered H. E. Huntington the presidency of the company, but that he has declined it on the ground that his duties as first vice president of the road, together with the work of looking after the large fortune left him by his uncle, will more than occupy his time.
